Andrew

For your eyes only – please find attached the draft DoD CAP. I brief the Deputy Secretary next week (13th) and we have sent out internally for one more round of review. I do not think this will change substantially through between now and 27th.

I would like to discuss with you a) the format we took and why, b) the process that you will use for review and critique, c) timing on revisions and getting Secretary's signature. If it is not a real crisis with people dying, - it takes at least 30 days to get anything signed by Sec Def.

Can we talk this weekend or early next week after you have taken a look?
